

# Make DVD with Uncompromised Quality From Both DV & AV Sources!

## The New Snazzi III AV.DV

# Snazzi\*

Following their recent agreement to distribute the excellent Snazzi range of video and DVD editing cards, HOLDAN are pleased to announce the availability of the Snazzi III AV.DV – the ultimate tool for making high quality CD and DVD movies.

Brief highlights include : professional hardware compression with built-in multiplexer to guarantee AV sync, full D1, MPEG-2 resolution, up to 10Mbps with adjustable Group of Pictures, Real-Time DV to MPEG Hardware encoding and the most incredible bundle of software ever seen !

The software bundle includes : **PowerDirector** advanced video editing software with Smart Rendering Technology, the well known **Ulead Video Studio** editing package including, **Cool 3D effects** and **DVD Picture Show**, **Sonic MyDVD** – the best DVD authoring package around, **Nero 5** burning software and **Snazzi DVD** player. If that's not enough, you also get **Presenter Studio SE** and **Ebook's Flip Album** and **CD Maker**.

Whether it's high quality DVD's, DV movies, Video CD's, Stunning Multimedia Presentations or Photo Albums on CD the Snazzi III AV.DV allows this quickly and easily from any digital or analogue source.

Snazzi III AV.DV can be used with Win98SE, WinME, WinXP or Win2000. The product is shipping now and costs around £ 349 including VAT.
