ATOMOS

STAND: **5E420**

Atomos design pioneering products that transform the way digital film and video content is made around the world.

SHOW HIGHLIGHTS

Atomos will demonstrate its expanding range of NDI-connected monitor-recorders. It's also the first public showing of **Atomos Cloud Studio 2.0**. With even more live production capabilities than before, **ACS 2.0** will be showcased on the stand with a reconstruction of the **Atomos Live webcast**.

Atomos Cloud Studio is a web portal with camera to cloud, online editing, remote collaboration, live production and video streaming. Version 2.0 has lots of new premium features for live production, including up to 8 camera inputs, VT and Frame players, DVE, and multiple outputs to SRT, RTMP, Atomos monitor-recorders and a suite of Apple apps.

Contact your Holdan/Midwich Account Manager or email sales@holdan.co.uk to arrange appointments & tours.
