

Accsoon ACC05

ProdCode: ACSACC05

SeeMo Mounting Adapter Plate

[\[Download Images\]](#) (.zip file)

Features

- SeeMo Mounting Adapter Plate
- Dimensions: 116.5x50x9.5mm
- Weight: 38g

Constructed of lightweight aluminum the new ACC05 plate allows the main body of the SeeMo to simply clip onto it. Together they form a single compact unit that can then attach directly to a wide range of setups via a standard 1/4 20 screw thread. An anti-rotation pin further secures the ACC05 when used with cages with the appropriate hole pattern.

Alternatively the ACC05 can mount the SeeMo directly to an iPhone or iPad cage to create a more rugged monitoring setup. The ACC05 can also be used with the original Accsoon PowerCage for iPad and iPad Pro models, allowing them to function in a similar way to the newer PowerCage II versions.

Need Further Support?
