Protect Your Creativity

Designed with on-the-go creatives in mind, this lightweight and compact cage features multiple cold shoe and 1/4"-20 anti-rotation attachment points on the sides of the cage for a solid connection to stands, and for accessories to be securely mounted.

Discover the ultimate combination of style, protection, functionality with the Accsoon iPad PowerCage mini.

Designed To Seamlessly

Every aspect of the design has been thoughtfully considered to ensure effortless compatibility and optimal performance when used SeeMo series together.

Easy & Quick to Assemble

Effortless Setup for Seamless Filmmaking On-The-Go.

Featherweight Design

Advanced understanding and research of material and structure has been done in order to achieve a strong and weight-optimized design.

Weighing in at just 293g for the iPad mini 6 and 162g for the cage, the combined weight is less than most 7-inch monitors, even though the screen is considerably larger.

Keep the iPad Charged

The removeable Accsoon ACC04 NPF battery plate adapter is compatible with Sony NPF type batteries and can be used with Accsoon iPad PowerCage Mini PD 30W or solely via a 1/4"-20 screw mount to power your iPad and other kit.

ACC04 NP-F battery plate adapter features:

- PD 30W quick charge for iPhone/iPad
- Different output options for multi-device
- Recharge NP-F batteries
- Battery level indicator
- Circuit protection

Versatile Mounting Points & Expanded Accessory Options

With multiple mounting points strategically placed, you can easily attach it to tripods, camera rigs, or any other support system. Whether you're a content creator, photographer, or filmmaker, this iPad Mini Cage empowers you with flexibility and customization to optimize your workflow and take your creativity to new heights.
