Features

The Blackmagic URSA Mini Pro PL Mount lets you use the world's highest quality professional cinema lenses with your URSA Mini Pro camera. The PL lens mount features contact pins for compatibility with Cooke's i/Technology protocol so information such as lens make and model, serial number, iris setting, focus distance and zoom position can be saved as metadata and used in software like DaVinci Resolve. In addition, you can also power and control broadcast style cine-servo zoom lenses using the camera's 12-pin Hirose connector.
