

Blackmagic Design Videohub Smart Control Pro

ProdCode: BMDVHUBWSCPRO

40 button control panel for VideoHubs

[\[Download Images\]](#) (.zip file)

Features

- 40 button control panel for VideoHubs
- Supports ethernet
- Rackmountable
- Control any Videohub model
- 24/7 broadcast reliability

When you want the fastest routing you can get, then Videohub Smart Control Pro lets you route with a single button press. Program each button for a single router cross point and when pressed the route is made. You can program to have multiple destinations and even a take button. Powers via DC or the Ethernet connection.

Hardware Control Panels

Add incredible rack mount hardware control panels

For dedicated remote router panels, you can choose between Videohub Smart Control Pro and Videohub Master Control Pro. Both optional panels connect to your network

via Ethernet and can control any Videohub model. Videohub Smart Control Pro is ideal for direct cut bus style routing to monitors or decks, while Videohub Master Control Pro gives you full spin knob control and direct label entry with an LCD display to see your router crosspoint labels. You get perfect integration and 24/7 broadcast reliability with Blackmagic Videohub remote panels.
