

Blackmagic Design Fairlight Console Channel Control

ProdCode: BMDVRESFAEFCCS

Multi function panel designed to extend the functionality of your channel faders

[\[Download Images\]](#) (.zip file)

Features

- Multi function panel designed to extend the functionality of your channel faders
- 12 groups of touch sensitive control knobs and illuminated buttons

Fairlight Console Channel Control is a multi function panel designed to extend the functionality of your channel faders. You get 12 groups of touch sensitive control knobs and illuminated buttons that can be assigned to a single channel, the 12 adjacent fader channels or the master bus. This gives you fast access to 192 different parameter controls per channel! Your selections control the LCD monitor so you have a precise display of your changes as you make them.

In the box:

- Fairlight Console Channel Control
