Features

- Stand alone desktop model of Fairlight Audio Desktop Editor
- Provides incredible speed and control for professional sound editors working on tight deadlines

The stand alone desktop model of Fairlight Audio Desktop Editor provides incredible speed and control for professional sound editors working on tight deadlines. You get quick access controls for high speed precision audio editing that let you work much faster than you could with a traditional mouse. The elegant design features an interactive LCD screen, touch sensitive control knobs, macro buttons, number pad, high quality search dial with electronic clutch and full keyboard with multi function picture keys that change based on your current task. Simply connect Fairlight Audio Desktop Editor by ethernet directly to the DaVinci Resolve computer. The menus and controls are designed with more than 20 years of professional audio engineer guidance and use, so it's optimized for any project you can throw at it.
