Drop Stream Deck Module into your custom mount, machine, or product the world has yet to see.

Available in 6, 15, or 32 key variations, this unbranded module provides a reliable, time-

tested interface for control systems, software solutions, and devices. Get started with our app, go deeper with the SDK and access extensive third-party plugins. Housed in a durable aluminum chassis with USB-C connectivity, it slots seamlessly into your custom build. Whether you're an entrepreneur, OEM, or DIY enthusiast, Stream Deck Module helps you bring your concept to life—faster, smarter, and without compromise
