

Elgato Facecam Neo

ProdCode: ELG10WAE9901

Plug-'n-Play USB Webcam

[\[Download Images\]](#) (.zip file)

Features

- Plug-'n-Play USB Webcam
- Capture more detail in ultra-sharp 1080p Full HD video
- Move naturally with less motion blur in smooth 60 fps
- Plug and play right out of the box, no software setup needed
- On desktop or laptop, it works with the apps you use most
- Its low-profile design looks sleek and improves eye contact
- Turn on HDR for vibrant colors and more clarity in harsh lighting
- Mounts seamlessly onto any monitor or laptop screen
- An easy-slide shutter ensures privacy and won't get lost
- Focuses on your face, not your room, with 77° field of view
- Includes optional Camera Hub app to customize your image
- Pair with Stream Deck Neo to control video with a key press
- Made and packaged sustainably to reduce plastic waste

Great video made easy. Meet Facecam Neo, a plug-'n-play webcam with all the clarity and capabilities of premium video. It captures everyday meetings and livestreams in true 1080p60 HD, a dream compared to your laptop's built-in camera. HDR makes

colors more vibrant and keeps you looking oh-so clear in harsh lighting. Getting started is fast and simple—even right out of the box—as Facecam Neo mounts seamlessly to almost any monitor. And if you want extra control, it comes with Camera Hub app to customize your video settings like a pro DSLR. So you can switch on your cam with newfound confidence.

In the box:

- Facecam Neo
 - USB-C 2.0 braided cable (139 cm | 55 in)
 - Monitor mount with 1/4" thread
-
