

Fujinon LA16x8BRM

ProdCode: FUJILA16XBBRM

2/3" Professional Lens 4K

Features

- 2/3" Professional Lens 4K
- **Designed for Blackmagic URSA Broadcast**
Provides the best lens performance for Blackmagic URSA Broadcast with 4K and HD resolution
- **Compact and lightweight with 4K resolution**
The lens weighs approx. 1.6kg thanks in part due to its unique rear focus mechanism design
- **Electronic flange back adjustment with macro switch function**
This new function increase convenience when shooting
- **Compact/lightweight and 4K resolution**
The rear focus mechanism enables the weight of the lens to be reduced to approx. 1.6kg. The size provides optimal balance with Blackmagic URSA Broadcast with 4K performance. Featuring a 16x zoom ratio suitable for EFP, news and studio shooting
- **Electronic flange back adjustment function**
A single button on the lens provides electronic flange back adjustment to allow focus while performing zoom operations. The electronic system provides faster and more efficient adjustment
- **Macro function**
The macro function allows for closer shooting than MOD up to 0.05m by operation of

the unique focus ring. This enables spectacular close-up images at 4K resolution

- **Handheld style**

The compact body weighing approx. 1.6kg provides the optimal balance with the Blackmagic URSA Broadcast, reducing the burden of shooting handheld and provides excellent operability

- **EFP/Studio style**

The use of FUJINON accessories enables precise control of zoom and focus while on a tripod. Mounting the camera on a tripod also enables efficient studio or field style shooting
