- AI Auto Tracking
- Includes Remote and Lens Cap
- 5-Year Warranty

## Looks Like a Webcam, Tracks Like a Pro

Ideal for livestreaming, videoconferencing, lecture capture and more, the MiniTrack 4K Pro offers smooth auto-tracking and auto-framing at the touch of a button. Using the included IR remote, users can track or frame subjects, set presets using two available preset keys, or zoom in and out electronically. The MiniTrack 4K Pro is compatible with most streaming, video production, and videoconferencing platforms.

## Enhanced Audience Experience

Featuring 8X digital zoom, 108° FoV, and electronic pan, tilt, zoom (EPTZ) controls, the MiniTrack 4K Pro can tackle any small to medium-sized video project—all in 4K at 30 fps. The camera features a wide variety of color and lighting settings for both novice and expert users. Allow the AI features to create the perfect shot or fine-tune the camera manually to accommodate any lighting environment.

## Travel With Ease

Deploy the MiniTrack 4K Pro in any setting—simply plug it in via USB 3.0 and watch it go to work. This is a universal solution compatible with Windows, macOS, and Linux, and compatible with software such as Google Meet, Microsoft Teams, and Zoom.

## Unrivalled Warranties

With robust warranties included standard on every product, you can trust HuddleCamHD solutions to deliver high performance from day one, and for many years to follow.

The MiniTrack 4K Pro comes with a 5-year limited parts and labour warranty. HuddleCamHD stands by our promise to protect your investment by providing repairs or replacement products for the duration of your warranty.

### In the box:
