HOLD provides an option for mounting a 15mm rod clamp that can be used onto your camera rig's 15mm LWS rod system

The HOLD System 15mm Rod Cheese Plate is a multi-purpose anodized precision-machined aluminium camera accessory mounting plate. Constructed from durable aluminium alloy, HOLD enables you to mount a separately available battery plate on the back of your camera.

HOLD is specially designed for UNIX family battery plates. The plate is 8mm (5/16?) thick and features 120 threaded holes for accessories to be screwed into.

Thanks to various threaded hole positions, this frame-style cheese plate is compatible with – Anton Bauer, IDX, Ikan, Shape, FXLion, Cinegears, Generay, Swit, Blueshape, Bebob, Dynacord, Hakwoods, Switronix and many others.
