

Hedbox RP-BP975

ProdCode: HEDRPBP975

48.8Wh 6600mAh DV Battery Pack for Canon - Li-Ion 7.4V (NP900)

[\[Download Images\]](#) (.zip file)

Features

- 48.8Wh 6600mAh DV Battery Pack for Canon - Li-Ion 7.4V (NP900)
- **Data Communication with Camcorder**
Using the built-in data communication chip, the battery syncs with the Cameras to display the exact power percentage on the LCD screen
- **High Power Capacity 44.8 Wh**
With an ultra-high power capacity of 44.8 Wh / 6600 mAh, the RP-BP975 can power HD video camcorders and a multitude of other units for more than 5 Hours at full load
- **LED Monitor Indicator**
RP-BP975 contains a built-in 4-LED power meter that, at the press of a button, displays the remaining battery percentage at 100%, 75%, 50%, or 25%
- **High Quality Li-Ion Cell**
The latest Samsung and LG lithium-ion battery cells are used in Hedbox battery packs. They provide no effect on memory, give high efficiencies, and allow for a compact and lightweight battery
- **No Memory Effect**
Hedbox batteries provide the advantages of lithium-ion, meaning they can be

charged or discharged at any time without developing a memory effect. This means the battery never loses its ability to hold a full charge

- **Multiple Protections**

The circuit in the battery pack has multiple protections: abnormal current protection, voltage protection, short circuit protection, and overheating protection. This allows for the battery to have a longer operational life and a safer use for professional purposes

- **Environmentally-Friendly**

Hedbox batteries are fully in compliance with European Union RoHS (Restriction of Hazardous Substances) regulations and are 100% free of lead, cadmium, and mercury. Hedbox products take part in actively protecting the environment and preserving the highest standards of environmental protection

Hedbox RP-BP975 DV Battery Pack is an ultra-high power 48.8Wh 6600mAh Lithium-Ion battery designed to power Canon camcorders and a multitude of other peripherals and devices that accept Canon NP900 style batteries.

The high-quality Lithium-Ion battery pack can provide run times of more than 5 hours at full load. A built-in 4-LED power monitor level indicator provides battery status at the push of a button, while a data communication chip synchronises with the host camera to provide the exact power percentage on the host device.

In the box:

- 1x RP-BP975 BATTERY PACK
- 1x 1 YEAR LIMITED MANUFACTURER'S WARRANTY
