### Features

- Super High Capacity 17.8Wh 2400mAh DV Battery Pack for Canon - Li-Ion Battery 7.4V (LPE6)
- **Data Communication with Camcorder**  
Using the built in data communication chip, the battery syncs with the Cameras to display the exact power percentage on the LCD screen
- **High Power Capacity**  
Small and lightweight, the HED-LPE6H is an ultra high-capacity info-lithium battery designed to power any Canon DSLR camera, including a multitude of other units that accept the Canon LP-E6 style battery mount. With the high quality cells, the stability and performance in the studio and the field are always guaranteed
- **High Quality Li-Ion Cell**  
Latest LG lithium-ion battery cells are used in Hedbox battery packs. They provide no effect on memory, give high efficiencies, and allow for a compact and lightweight battery
- **No Memory Effect**

Hedbox batteries provide the advantages of lithium-ion, meaning it can be charged or discharged at anytime without developing a memory effect. This means the battery never loses its ability to hold a full charge

- **Multiple Protections**

The circuit in the battery pack has multiple protections: abnormal current protection, voltage protection, short circuit protection, and overheating protection. This allows for the battery to have a longer operational life and a safer use for professional purposes

- **Environmentally-Friendly**

Hedbox batteries are fully in compliance with European Union RoHS (Restriction of Hazardous Substances) regulations and are 100% free of lead, cadmium, and mercury. Hedbox products take part in actively protecting the environment and preserving the highest standards of environmental protection

Hedbox HED-LPE6H 17.8Wh 2400mAh DV Battery Pack for Canon - Li-Ion Battery 7.4V (LPE6). Hedbox HED-LPE6H DV Battery Pack is an ultra-high power capacity 17.8Wh 2400mAh Lithium-Ion battery designed to power Canon DSLR cameras as well as a multitude of third-party peripherals and devices that accept Canon LPE6 style batteries.

Utilising high quality cells, the stability and performance of this battery pack is unrivalled, while a built-in data communication chip ensures the display of exact battery percentage within the user interface of the host camera or peripheral. Under full load the Hedbox HED-LPE6H battery can provide more than 4hr run time at full load.

### **High Power Capacity 17.8Wh**

With an Ultra-High power capacity of 2400 mAh / 17.8Wh, the HED-LPE6H can power Canon Cameras and many other units for more than 4 hours at full load.

### **Data Communication with Camera**

Using the built-in data communication chip, the battery syncs with the Canon Camera to display the exact power percentage on the LCD screen.

### **In the box:**

- 1x HED-LPE6H BATTERY PACK
- 1x 1 YEAR LIMITED MANUFACTURER'S WARRANTY

---

### **Need Further Support?**

If you have any questions or require additional support regarding this product release, please do not hesitate to contact us. Our team is here to assist you with any inquiries or provide further information or marketing collateral as needed.
