

HOYA 52mm X0 (Yellow Green)

ProdCode: HOY0665

Yellow/Green multi coated filter for B&W photography - 52mm

[\[Download Images\]](#) (.zip file)

Features

- HMC (HOYA MULTI COATED) to increase light-transmission and reduce flare or ghosting.
- Recommended for black and white photography
- Available in sizes from 46mm to 77mm diameter

The Yellow/Green (XO) is highly effective for outdoor portraits because red is rendered dark while green appears lighter. Great for correcting skin tones, bringing out facial expressions in close-ups and emphasizing the feeling of liveliness. It is also highly effective for indoor portraits under tungsten lighting. These filters are primarily designed for use with Black & White film. However, they can be used with colour film or Digital cameras to produce special colour effects.

In the box:

- X0 (Yellow Green) filter
 - protective case
-
