

HOYA 86mm UV(O) Digital HMC

ProdCode: HOY1946

UV Filter - Multi coated with a slim profile frame

[\[Download Images\]](#) (.zip file)

Features

- Slim filter frame to help avoid vignetting on wide angle lenses, will also hold a lens cap.
- HMC (HOYA MULTI COATED) to increase light-transmission and reduce flare or ghosting.
- Available in sizes from 37mm to 95mm diameter

The HOYA UV(O) filter uses the highest quality heat-resistant tempered glass, which creates a smooth, clear image. This filter cuts out all the range of UV rays to give an astounding sharpness and clarity without affecting the colour balance. Constant use for lens protection is recommended. These popular filters are renowned for their ability to minimize reflection on filter surfaces which reduces flare and ghosting. With an average light transmission of over 97%, the HOYA HMC filters are engineered to enhance the performance of today's multi-coated lenses.

In the box:

- UV HMC filter

- protective case
