100mm Bowl Size

Compatible with a 100mm ball adapter and 3/8"-16 stud, this design allows fast and precise leveling of the fluid head without readjusting the tripod legs—ideal for complex setups.

Integrated Bubble Level

A built-in bubble level on the fluid head ensures quick and accurate leveling for efficient setup.

Real Fluid Damping System

Features 0-8 steps of Counterbalance adjustment. This offers precise counterbalance tuning to match your camera's payload, allowing smooth, resistance-free movement as if the camera were weightless.

P3 Quick Release Plate

Includes the P3 quick release plate, compatible with the GH20 head. Designed for fast setup and secure mounting.

Sliding Plate Mechanism

The sliding design enables easy forward and backward adjustment with a 6" slide range, simplifying balance and operation.

GB3 Telescopic Handle Included

Comes with an extendable handle (405–605mm / 15.9–23.8in) to improve reach and enhance control during operation.

In the box:

- 1x GH20 Head
- 1x GB3 Pan Handle
- 1x P3 Base Plate
