Rolling Hard Case for PT4 Series Teleprompters

[\[Download Images\]](#) (.zip file)

Features

- Rolling Hard Case for PT4 Series Teleprompters
- Designed to be used with PT4900-V2, PT4700-V2, PT4500-V2, and PT419 Teleprompters
- High quality SKB rolling hard case
- Made from ultra high-strength polypropylene copolymer resin
- Resistant to UV light, solvents, corrosion, and fungus(MIL-STD 810H)
- Fully sealed gasket provides complete water tightness (MIL-STD 810H)
- Automatic ambient pressure equalization valve (MIL-STD 810H)
- Resistant to corrosion and impact damage
- Durable molded-in hinge
- SKB Trigger Latch® System for secure locking
- Handle with a rubber over-molded cushion grip for comfortable transport
- Stainless steel locking loops to accept a customer-supplied lock
- Industrial-strength injection molded pull handle
- In-line skate style wheels for smooth transportation
- TSA accepted key locking latches for enhanced security

The PT-CASE-4U is a rolling hard case designed to accommodate the PT4900-V2, PT4700-V2, PT4500-V2, and PT419 teleprompters. The Injection Molded Mil-Standard Waterproof Case is crafted from ultra high-strength polypropylene copolymer resin. This case includes a gasket-sealed, water and dust tight design, ensuring it is submersible and complies with MIL-STD 810H standards. It is designed to withstand corrosion and impact damage.

Key features of the case include a built-in hinge, padlock loops, and the SKB Trigger Latch® System. It also has a snap-down rubber over-molded cushion grip handle for comfortable carrying, an automatic ambient pressure equalization valve for maintaining internal pressure (MIL-STD 810H), and offers protection against UV light, solvents, corrosion, fungus, and impact damage, in accordance with MIL-STD 810H standards.

***PLEASE NOTE THAT THE CASE DOES NOT INCLUDE THE CUSTOM CUT FOAM FOR THE TELEPROMPTER**

In the box:

- 1x Teleprompter Rolling Hard Case
