[\[Download Images\]](#) (.zip file)

Features

- 15mm Rod Block with 60mm spacing
- 19mm center rod clamp
- Adjustable tension pivot
- Built-in anti twist mount
- 140g/ 4.9oz
- 79.0mm W x 41.5mm T x 23.0mm D

The KONDOR BLUE Battery Plate Rod Block is a flexible solution for a range of KONDOR BLUE's new battery plates, specifically the Mini V Mount Plate and the new PRO Battery Plates coming soon. The plate mounts via two captive M4 bolts and is also aided by Arri style anti twist pins making for a rock solid connection to the battery plate. It can also be mounted inverted providing for a wider range of mounting possibilities. The plate pivots on a 19mm rod and can be tensioned to user preference or locked off all together.
