- Lifetime Warranty
- Weight: 1.6 oz
- Length: 16" - 36"

This DC to Canon LPE6 Dummy Battery Cable lets you power your cameras from our

legacy Kondor Blue V Mount or Gold Mount Battery Plates' small 1.35 DC port. When relaxed, the cable is 16" long and can be easily managed, and it stretches to 36" long when you need the additional length. It plugs into the smallest DC port on our Battery plate and outputs regulated power at 7.4 or 8.4V depending on the switch set on the battery plate.
