**ProdCode: KONDMC**

Director's Monitor Core Bracket - Space Grey

[\[Download Images\]](#) (.zip file)

## Features

- Director's Monitor Core Bracket
- Lightweight, compact footprint
- Nato connection to monitor for quick release
- Dual 15mm rod clamp to prevent monitor sag
- Multiple accessory mounts
  - Cold Shoe
  - 2x Arri mount
  - 1x Male Arri mount to mount into accessories like the Kondor Blue D-Tap Hub
  - 4x ¼ 20's
- Built-in 3mm hex tool

Speed and versatility—those were the two words that continued to inspire the design of the Kondor Blue Director's Monitor Core Bracket. At its essence, it's a nato bracket with ARRI and Rod mounts that allows for a V Mount Battery Plate to be mounted. The Core can be mounted from the top or bottom of the monitor and pairs perfectly with our Mini V Mount Plate and Monitor Nato Rails.

For a more complete system you can add 15mm rods and a pair of Kondor Blue Hand Grips for 15mm rods. The top cold shoe is a great spot for a wireless receiver, and the retractable Arri pins are ideally positioned to work in conjunction with the newly designed Kondor Blue D-Tap Hub.

The Kondor Blue Mini V Mount Battery Plate is the perfect companion to the core and is machined to ensure durability and accuracy—you can confidently set the Core down without fear of the V Mount batteries popping off.

The modular design of the Core allows for a variety of setups and accessorizing.
