

Kondor Blue RED KOMODO X Base Rig MKII

ProdCode: KONKOMXBR

RED KOMODO X Base Rig MKII - Space Grey

[\[Download Images\]](#) (.zip file)

Features

- Cage for RED Komodo X
- 70+ mounting hole options with 15+ featuring anti-twist holes
- 32mm ARRI style female rosettes for side handles & accessories
- Compatible with wide range of RED accessories including RED RF to PL adapter brackets
- Compatible with original RED Komodo and Komodo X

The RED Komodo and Komodo X have been massively popular due to price point, performance, and overall ability to customize. The KONDOR BLUE RED Komodo X Cage was designed to honor and magnify the potential of both the Komodo and the Komodo X.

The Left and Right Side Plates include integrated NATO rails, dozens of mounts, and ARRI style rosettes for mounting side handles—such as the KONDOR BLUE Wing Side Handle—or other accessories. These plates are perfect for adding timecode boxes, wireless transmitters, handles, magic arms, and cable management. The fronts feature 4x M4 mounting holes for compatibility with RED's highly anticipated Electronic ND RF

to PL Adapter.

The Top NATO Plate features our signature bubble level and a 15mm rod clamp perfect for focus motors. The mounting holes offer a range of mounting options including on top of the RED Outrigger handle. The NATO rail is also great for mounting any of the KONDOR BLUE top handles.

The Base Plate rounds out the cage, providing a range out mounting holes for any tripod plate or configuration. Per KONDOR BLUE standard, the front also features 2x M4 holes 27mm apart for the KONDOR BLUE Lens Adapter Bracket.

No matter your configuration needs, the KONDOR BLUE RED Komodo X Cage has you covered. The cage has been rigorously tested and is set-ready for professional use.

In the box:

- 1x RED KOMODO X Cage w/ Talon XL Top Handle
 - 1x 501 ADJUSTABLE BASEPLATE
 - 2x 15MM PPSH Rods (8 Inches)
 - 1x RF Cine Cap
-
