

Kondor Blue Cine Magic Arm Pro

ProdCode: KONMAGICARMPRO

Two-section magic arm with extension rod and ball ends with 1/4"-20 screw mounts - Space Grey

[\[Download Images\]](#) (.zip file)

Features

Featuring a 1/4"-20 screw at each end, The Kondor Blue Cine Camera Magic Arm Pro features a ball head extension rod for extra versatility and endless mounting options so you can mount any accessory on your camera rig at almost any angle.

It is an Articulating Friction arm (Israeli Arm) most commonly used to mount LCD Monitors, LED Lights, EVF Viewfinders, Microphones, Recorders, Flashes, Wireless Transmitters, GoPro Cameras, and beyond.

Both ends of the arm feature a 1/4"-20 screw and two tightening thumbwheels for easy accessory mounting.

The ball ends can be swapped out for separately available ball heads with 3/8"-16 screws and ARRI locating pins, or a separately available Cine Magic Arm Extension Bar can be used to chain another magic arm.
