- USB Bus-Powered. No additional power source needed
- For use with: iOS, macOS, iPadOS, Windows, Linux, Android
- Endures extreme temperatures and shock, offers ESD and overload protection

The CFexpress B Recording Module is a MagSafe iPhone compatible accessory that conveniently attaches to the back of an iPhone 15 Pro or iPhone 15 Pro Max for the recording and transfer of 4K ProRes 60fps files directly onto CFexpress Type B media.

This joint effort by **Angelbird** and [Kondor Blue](#) is a custom engineered solution that allows iPhone users to export the highest file quality directly onto professional CFexpress Type B memory cards. Uninterrupted data transfers are supported through a USB-C 3.2 Gen 2x2, 20 Gb/s cable designed with a recessed internal connection

port for an efficient and secure recording experience.

Preserve the integrity of high-resolution, iPhone produced media files with the CFexpress B Recording Module and get hard-copy backup or additional storage space for mobile production.

In the box:

- CFexpress B Recording Module
 - USB-C 3.2 Right to Straight Angle Cable
-
