[\[Download Images\]](#) (.zip file)

Features

- MagSafe Compatible External SD Recording Module for Use with iPhone 15 Pro and iPhone 15 Pro Max
- USB-C 3.2 Gen 2, up to 10 Gb/s connectivity. USB backwards compatible Physically TB3/4 compatible (USB-C based speed only)
- USB Bus-Powered. No additional power source needed
- For use with: iOS, macOS, iPadOS, Windows, Linux, Android
- Endures extreme temperatures and shock, offers ESD and overload protection

The SDXC Recording Module is a MagSafe iPhone compatible accessory that attaches magnetically to the back of an iPhone 15 Pro or iPhone 15 Pro Max device for the recording and transfer of 4K ProRes 60fps files directly onto SDXC UHS-I and UHS-II memory cards.

This collaboration between **Angelbird** and [Kondor Blue](#), is a custom engineered solution that allows iPhone users to export the highest file quality directly onto professional SDXC cards. Uninterrupted data transfers are supported through a USB-

C 3.2 Gen 2, 10 Gb/s cable that's designed with a recessed internal connection port for an efficient and secure recording experience.

The SDXC Recording Module preserves the integrity of high-resolution iPhone produced media files and provides convenient hard-copy backup or additional storage space for mobile production.

In the box:

- SD Recording Module | UHS-I & UHS-II
 - USB-C 3.2 Right to Straight Angle Cable
-
