- Adjustable modes: product, interview, time-lapse, and stop-motion
- Supports up to a 10 Lb camera (extra counterweights required)
- Multi-arm length configurations with articulating joints
- Operating volume 45 dB
- "Stealth Mode" Reduces operating volume to 32dB (requires included IR remote)
- 3 Lbs counterweights included
- Minimum overhead space required to operate is 8ft

Create smooth 360° video around subjects large or small with a touch of a button

using the Orbit camera dolly system from MARBL. Simply mount the system to the ceiling, center your subject underneath, set focus and hit start. Use the Wi-Fi app or included IR remote control to activate wiper motions, change orbit speeds, time-lapse, and stop-motion. Included CRI 97+ LED ring light mounts directly to Orbit and features centering tools to help you film subjects or yourself. The Marbl Orbit Pro has all the features of the Studio Kit and bundles in 3 extra counterweights, a D-Tap cable, a V-mount adaptor, an extra collar, 3 custom speed rail adaptors and a handy travel bag.
