- 8V 2.5mm barrel output
- Expansion Module power contact ports
- On/Off switch with magnetic cover
- Pivoting clamp with 8x ways it can be mounted
- LED power indicator
- Weight: 425 gm/15 oz
- Dimensions: 82mm x 110mm x 45mm (W x T x D) (without protrusions/knobs)

The KONDOR BLUE Gold Mount Pro Battery Plate offers a long list of features to fit the Pro name. Loaded with a range of power output ports, the plate also features 2x USB C PD ports which are both capable of power output/input. On top of the plate are magnetic power contacts for KONDOR BLUE Expansion Modules.

The plate body is fully machined out of aluminium. The back of the plate features 4x ARRI-style anti-twist mounts with additional M4 mounts to connect the Battery Plate Rod Block which can be mounted in 8 different positions to best suit your rigging requirements.

The plate has been scaled down to be able to be better proportionally for the micro-sized batteries that have become increasingly popular. The Pro Battery Plate is backed by the KONDOR BLUE™s exceptional lifetime warranty and customer support.
