

Kondor Blue Rosette Single Rod Clamp 15mm

ProdCode: KONROSECSR

M6 60-tooth ARRI-style rosette - Space Grey

[\[Download Images\]](#) (.zip file)

Features

- M6 60-tooth ARRI-style rosette
- 15mm Rod clamp
- 50g/1.75 oz
- 31.8mm/1.25" 60-tooth Rosette diameter
- M6 female threads

The Rosette Single Rod Clamp is a great addition to any kit and automatically converts any 15mm rod end to an ARRI rosette. This is especially useful when mounting an EVF or Monitor either directly or with our EVF Support Arm Kit.

The included M4 ratcheting attachment knob makes it easy to securely attach the clamp to the end of any 15mm rod. Once tightened, adjust the knob angle to your desired position.

The Rosette Single Rod Clamp comes standard with an M6 female thread rosette; however, the rosette can be swapped out via the 4x M3 bolts and replaced with a male rosette. This will allow you to mount the clamp to another rosette from the inside of the

clamp. Once mounted, you'll be able to mount the rosette clamp to your 15mm rod.
