- 1x FX3 Top NATO Rail
- 2x PPSH 15mm Rods (8 Inches)
- 1x Sony E Mount Cine Cap

The KONDOR Blue Base Rig MKII builds off of everything we've learned about camera rigging after years of working with thousands of users all over the world. At the core of the system is the camera cage. Precision machined and finished from premium materials including stainless steel hardware for rust-free reliability. Each cage is designed by filmmakers with a range of real-world use-cases in mind. NATO rail and standard ¼"-20 and ½"-16 anti-twist mounts are used throughout making additional accessory rigging simple and rigid.

The Baseplate/Bridge Plate, Top Handle, and Metal Body Cap selections have been

optimized for particular camera setup. For details on each of the components, check out the linked items above. Backed by the KONDOR BLUE lifetime warranty and personal customer service our customers rave about.

Optional Accessories Include: FF Single Rod Adapter, ARRI Rosette Adapters, 15mm Rods, 501 ARRI Baseplate, Rosette Extension Arms, Rosette Handgrips, Mini Quick Release Plates, Cine Magic Arm, HDMI Clamp, etc.
