[\[Download Images\]](#) (.zip file)

Features

- HDMI 2.0 Active Extender Cable
- 100 meters HDMI extension cable
- Supports 4K 60fps video
- Handles data rates up to 18Gbps
- Reinforced optical fibre cable design
- Extended HDMI Reach: Breaking the barrier length of general HDMI cables
- Transmits high-quality and high stability signals via optical fibre with up to 4K 60fps and 18Gbps data rate
- Reinforced fibre cable used, flexible, strong, and lasting for a long time
- Easy installation: No external power needed

Breaking the HDMI barrier

Extend your HDMI cable run by 100m with CAB-AOCH-XL. Based on fibre technology, the cable is flexible, strong, and very durable, making it suitable for use in live events and AV installations.

High-speed transmission

Its optical fibre core provides high stability signal transmission at the highest data rates. CAB-AOCH-XL is suitable for HD and UltraHD environments.

Easy Installation

CAB-AOCH-XL connects between a camera and monitors instantly, without the need for an additional power supply.
