2-in-1 Camera Solution

Twist the gooseneck to any angle to view a document, face the presenter or angle towards the class for a live video conference.

Excellent Image Quality

DC132U produces professional-quality images with vivid colors. It outputs 1080p or even 2K video with image and video recording up-to 30 frames per second. The DC132U is ideal for use in education and training.

One-touch Optimization (Auto-Tune)

At the touch of a button, the camera quickly achieves accurate focus, color balance and image exposure.

Imaging Flexibility

The camera can capture documents and objects larger than A3. Adjust the position of the camera for close-up or wide-angle imaging. Zoom into the image using the provided Ladibug software.

Macro Close-Up

Take extreme close-ups (4cm minimum distance) and capture detailed images of small objects such as insects.
