**ProdCode: LUMOIPD50C**

AVoIP Controller

[\[Download Images\]](#) (.zip file)

## Features

- AVoIP Controller
- Centralized management of distributed encoders and decoders
- Intuitive Web-based GUI for AV distribution and control
- Effortless sources switching and video wall deployment
- Supports PoE for easy installation
- 5 Year Warranty

## Centralized Management of Distributed Encoders and Decoders

The Lumens OIP-D50C is a powerful OIP controller that gives the user complete control of the OIP system over the network. It allows users to sit in one remote location and control all of the distributed encoders and decoders.

## User-Friendly Web GUI

Intuitive web-based GUI allows users to preview the video source and quickly deploy video sources to displays or video walls in real-time via laptops, tablets, or mobile

phones.

## **Drag & Drop**

Drag and drop to switch content instantly that suits all your audio and video needs.

## **Macro Instructions**

You can define a series of actions to automate your digital signage to give the audience the ultimate visual experience.

## **Group Control**

Instantly deliver the same content to a group of displays.

## **Applications**

Sports Bar, Casino, Control Room, Sports Arena.
