

NETGEAR M4300-28G

ProdCode: NTGGSM4328S100N

2xSFP+ Managed Switch

[\[Download Images\]](#) (.zip file)

Features

- 2xSFP+ Managed Switch
- Full-Width 24x1G Stackable Managed Switch with 2x10GBASE-T and 2xSFP+ (GSM4328S)

RELIABILITY

- **Business Continuity Management**
Full-width switches offer dual redundant, modular power supplies (select m4300 models)
- **High Availability (HA)**
Non-stop forwarding (NSF) virtual chassis architectures with hitless failover across the stack
- **Multi-Resiliency**
Stacking and distributed link aggregation allow for zero downtime and load balancing capabilities
- **PVST+ Interoperability**
Per VLAN Spanning Tree and Per VLAN Rapid Spanning Tree

(PVSTP/PVRSTP)

- **Link Dependency**

Enables or disables ports based on link state of different ports

- **Advanced IPv4/IPv6 security**

Malicious code detection, DHCP Snooping, IP Source Guard protection and DoS attacks mitigation

EASY TO MANAGE

- **Simple GUI**

Full- functional Web console (GUI) for IT admins who prefer an intuitive graphical interface

- **Flexible & Efficient**

Line-rate Spine and Leaf topologies offer many possibilities for server rooms, branch collapsed cores, or at the edge of growing networks.

- **Mix & Match Stacking**

Stack between 10/40 Gigabit and 1 Gigabit models using any 10G/40G port, with any media type (RJ45, SFP+, DAC cables). Vertical, horizontal, manage as one unit

- **Room to Grow**

With PoE+ (30 watts per port), plug and play ports, and hot swap, you're ready to grow whenever you need to.

- **Industry Standard**

SNMP, RMON, MIB, LLDP, AAA, sFlow, RSPAN and PTPv2 1-step transparent clock implementation

READY FOR AV OVER IP

- **Zero Touch AV-over-IP**

Pre-configured for Out-of-Box L2 Multicast (SDVoE-ready)

- **No Delay**

Non-Blocking Fabric for Near-Zero Switch Latency

- **NETGEAR IGMP Plus™**

Prevent network flooding with effortless multicast implementation of Layer 2 Multicast

- **Dedicated Design**
