[\[Download Images\] \(.zip file\)](#)

Features

- Comfortably carries heavy bags, briefcases, computer bags and luggage
- Unique internal control-stretch system makes loads feel up to 50% lighter
- Securely attaches to a wide variety of luggage with metal swivel hooks or 1.5" webbing
- Stays in place with our Non Skid Surface™
- Fully adjustable for added versatility
- Made in the USA

The S.O.S. Strap™ "Saves On Shoulders" with its unique internal control-stretch system and tailored design that effectively distributes weight and absorbs shock of movement. It's the perfect strap for heavy bags and cases. The metal swivel snap hooks secure the strap to most bags and cases; however, they can be easily removed if the 1.5" (38mm) webbing is the preferred connection option. The S.O.S. Curve Strap™ has a slight curve to the neoprene pad allowing the strap to rest more securely on the shoulder.

In the box:
