

OpTech Elastic Harness

ProdCode: OPTE8381

Elastic Harness for Tablets

[\[Download Images\]](#) (.zip file)

Features

- Elastic Harness for Tablets
- Ideal for hands-free carrying of a tablet in a cover equipped with strap connections
- Comfortable elastic keeps tablet close to the body, yet stretches for ease of use
- Tablet freely glides up and down
- Breakaway connectors release with 8-10 lbs of force for safety in an emergency
- One size fits most
- # of Connection Points: 2
- Connection Type: Uni-Cord Loops
- Materials: Elastic with breakaway plastic connectors (Connectors release with 8-10 lbs of force)
- Elastic Width: 3/4"

The TABLET ELASTIC HARNESS adjusts to fit most any body size and shape. The comfortable elastic keeps the device close to the body, yet stretches for ease of use.

The tablet remains attached to the harness where it can freely glide up and down or perch against the body. The harness can also be configured to hang the tablet to the side using just one UNI-CORD LOOP connector.

Quick disconnects hold the harness securely in place, yet will break away at 8-10 lbs of force for safety in an emergency situation. The TABLET HAND STRAP (sold separately) attaches to the harness with Mini QD Loop™ connectors.

Extra MINI QD LOOP™ connectors available separately.

Comes packaged in a poly bag for convenience.
