OpTech Tripod Strap Swivel - Black

ProdCode: OPTE8399

Neoprene tripod strap with swivel hook for tripod body and loop for legs

[Download Images] (.zip file)

Features

- Offered in two styles to fit most tripods
- Swivel Hook version accommodates tripods with an eyelet on the center post
- Easy to attach and remove with quick disconnects
- Very strong, durable and washable
- Made in the USA

The Tripod Strap incorporates all the weight reduction qualities of OP/TECH USA straps. It provides the perfect carrying vehicle for the busy photographer or outdoor enthusiast.

The intelligent design of the adjustment system allows the tripod to be carried with the camera, spotting scope or video camera in place. The versatility of OP/TECH USA's Tripod Strap enables you to carry a tripod in a horizontal position by your side or in a vertical position against your back.

The Tripod Strap 'Swivel' allows for connection to tripods having an eyelet on the center post, while the quick disconnect fastens around the head of the tripod making

the OP/TECH USA Tripod Strap 'Swivel' easy to attach or remove. It is made with soft, durable neoprene combined with an internal control-stretch system that makes heavy loads feel 50% lighter and 100% more comfortable. It also incorporates OP/TECH USA's Non Skid Surface to secure the strap on your shoulder leaving your hands free to deal with other equipment or rough terrain. There's no other strap like it!
