

OpTech Tripod Strap - Black

ProdCode: OPTE8400

Neoprene tripod strap with two loops for attaching to tripod body and legs

[\[Download Images\]](#) (.zip file)

Features

- Offered in two styles to fit most tripods
- Swivel Hook version accommodates tripods with an eyelet on the center post
- Easy to attach and remove with quick disconnects
- Very strong, durable and washable
- Made in the USA

The Tripod Strap incorporates all the weight reduction qualities of OP/TECH USA straps. It provides the perfect carrying vehicle for the busy photographer or outdoor enthusiast.

The intelligent design of the adjustment system allows the tripod to be carried with the camera, spotting scope or video camera in place. The versatility of OP/TECH USA's Tripod Strap enables you to carry a tripod in a horizontal position by your side or in a vertical position against your back.

The Tripod Strap combines the patented weight reduction system with OP/TECH USA's revolutionary Non-Skid Surface.
