Features

The HD integrated camera AW-HE145 realizes high sensitivity of F9/2000lx with the mounted 1.0-type MOS sensor, and can shoot beautifully at stage events or church services with low light. The operation mechanism is the same design as the high-end model, so the operating performance of the pan/tilt and zoom is smooth and accurate, allowing you to shoot without stress. Furthermore, it is equipped with an optical 20x zoom and horizontal 75.1° wide-angle lens to realize flexible video production.

- HD remote camera, high-quality video production even in dark environments
- High sensitivity achieved with the 1-type large-sized sensor
- Optical 20x zoom/horizontal 75.1° wide-angle shooting
- Pan/tilt performance that achieves smooth and accurate operation
- Enables high-quality video production even in dark environments
- SRT support for stable video transmission
