

# Panasonic AW-RM50AG

**ProdCode: PANAWRM50AG**

Infrared Wireless Remote Control

[\[Download Images\]](#) (.zip file)

## Features

Key PTZ Camera operations can be performed using a controller with a form similar to a standard infrared remote controller

### **PTZ Camera control and adjustment using a familiar form of remote controller**

- Up to four PTZ Cameras can be controlled with a single remote controller.
- The PTZ Camera under control can be changed with a single button press.
- Pan, tilt and zoom can be operated using buttons.
- Up to 12 preset memories can be recalled through button operations.

### **A design that follows on from existing wireless remote controllers while improving ease of use**

- The body colour has changed from gray to white for greater coherence with PTZ Cameras.
- Pictograms and text notation provide improved visibility.
- Compliant with Panasonic's Universal Design principles.

## **Complete with key Remote Camera Controller functions**

- Focus, iris, shutter speed, and gain can be adjusted manually.
  - White balance, black balance, black level, genlock, and limiter setting can be performed.
  - Advanced camera settings can be adjusted through the OSD (camera menu).
-
