[\[Download Images\] \(.zip file\)](#)

Features

- LUMIX G Camera DC-G100D with USB Type-C with H-FS12032
- High image and audio quality join simple operation in a handy compact body
- Digital single-lens mirrorless camera (DSLM) designed especially for content creators
- Superb-quality 4K/30p and FHD/60p video recording capability with a handy compact body.
- 5-Axis HYBRID I.S. — a new image stabilization system combined with O.I.S. and E.I.S.
- Outstanding audio quality — OZO Audio by Nokia and five audio recording modes.
- Easy image transfer to your smartphone via Wi-Fi and Bluetooth®.
- USB power charging (USB Type-C)

This compact package has it all. Superb-quality 4K/30p and FHD/60p video. Easy smartphone connection and power charging via USB Type-C connection. Creative functions. It's ready to take and use everywhere!

All Clear — Your Face and the Background

Video Selfie Mode does the trick. It automatically keeps both your face and the background in focus while you do your thing.

Max Out Your Video Creativity

Express yourself with cool effects! In FHD, max 4x slow motion and max 8x quick motion help you put on the drama, the comedy — whatever you're feeling in the moment.

Shoot Video with Convenient Features

Enjoy a wealth of features for video shooting. Vertical video shooting is ideal for playback on smartphones. REC frame indicator ensures you are recording right now.

Recognize Your Face — Record Compelling Audio

Internal mic features OZO Audio by Nokia. With Face recognition, recording range and direction are automatically adjusted for compelling audio without an external mic.

Send It to Your Smartphone — Easily

Press the Send Image (Smartphone) button — and it's done. Bluetooth® pairing makes it oh-so-simple.
