The LUMIX S1IIE is built to deliver outstanding photo and video performance, featuring superior image quality, vibrant colour accuracy, and cutting-edge video technology. LUMIX S1IIE maintains the celebrated design and ergonomic excellence of the S1II and S1RII, offering potential for creative exploration. It is equipped with a 24.2MP BSI sensor, ensuring exceptional image quality tailored for diverse shooting conditions. Enhanced core performance for creative professionals, featuring advanced real-time recognition Phase Hybrid AF with AI-driven eye, face, and new 'Urban Sports' tracking, along with 8.0-stops in-body image stabilization and cropless E.I.S. for smooth, distortionfree video. For the first time in the S series, ARRI LogC3 is supported via Upgrade Key DMW-SFU3A.

New Cinemascope video format (2.4:1) available in various frame rates including 60p without cropping. This camera is a perfect choice for those seeking upgrades in ergonomic design and refined engineering, embarking on higher grade content creation.
