

Panasonic LUMIX S-R26E

ProdCode: PANSR26E

26mm F8 Pancake L-Mount Lens

[\[Download Images\]](#) (.zip file)

Features

- 26mm F8 Pancake L-Mount Lens
- Overall length of 18.1mm and weight of 58g (approximately)
- 26mm wide-angle lens
- F8 fixed aperture and manual focus
- Lens Mount: L-Mount

The fixed focal length pancake lens suitable for carry around. This portable thin and lightweight lens is ideal for snapshots with an overall length of 18.1mm and a weight of 58g (approximately).

Designed to fit and to carry around

Perfect for capturing spontaneous moments. The thin and lightweight design allows the lens to be attached like a lens cap and quickly taken out for casual snaps.

This lens is for manual focus only, fixed at F8. The camera's AF setting and some MF assist functions cannot be used.

Enjoy expressing yourself in your own way

It offers a wide variety of shooting styles, from moderate pan-focusing to taking advantage of natural bokeh effects. The unique specifications include a focal length of 26mm, an F8 fixed aperture, and manual focus only. This allows you to create your own unique expression through creative composition and exposure.

S-R26 lens construction

The optimized configuration has 5 elements in 5 groups, including 1 UED lens to minimize aberrations and ensure superb resolution.

S-R26 MTF chart

Offering sharpness and resolution from the center to the edges of the frame, this is an ideal lens for the LUMIX full-frame system.

For lenses that are capable of compensating distortion, the horizontal axis shows the distance from the center of the corrected image.
