ProdCode: PANSX50E

L-Mount 50mm Fixed Focal Length Lens

[\[Download Images\]](#) (.zip file)

Features

- L-Mount 50mm Fixed Focal Length Lens
- **Lifelike Depth and Attractive Bokeh**

A large-aperture fixed focal length lens forms the core of the LUMIX S Series of lenses. Offering a smooth flow from the sharply in-focus plane to the out-of-focus background, LUMIX S PRO 50mm F1.4 lens produces highly lifelike images with striking depth. A soft and attractive bokeh effect in the background helps turn everyday scenes into expressive and artistic shots.

- **Rugged Design - More Creative Option**

Brave the elements in nearly any kind of weather or shooting location. This lens features dust- and splash-resistant* and designed for use at temperatures as low as -10 °C that is tough enough to withstand even heavy field use. It protects the lens system inside from sand, rain and more, making it perfect for shooting under harsh conditions. Now there is nothing holding you back from capturing the creative nature or landscape shots you want.

- **Video Support - Perfect Video Recording**

With video support any user has everything they need for recording with their LUMIX camera. Not only does it perform smooth aperture changes so there are

no sudden jumps in exposure, it also boasts a silent design for enhanced capture of the scene's audio. What's more, the stunning AF performance of this lens records excellent 4K video, where precise focusing is essential.

The Panasonic LUMIX S PRO 50mm F1.4 is a large-aperture fixed focal-length with impressive image quality and rugged lightweight design, Interchangeable with L Mount camera bodies. Its 50mm focal length and F1.4 high speed ensure versatile use and stunningly high resolution with descriptive performance from center to corners of your images. LUMIX S PRO 50mm lens provides smooth defocus gradation from the focus peak to the neighboring area of the image. And it describes point light sources in the background as impressive, beautiful bokeh. LEICA Certified to stringent LEICA standards.

This Panasonic LUMIX PRO lens offers high-precision AF to capture every photo opportunity. The focus clutch mechanism enables both instant AF/MF switching and accurate manual focusing. Focus breathing is suppressed making it an excellent choice for video recording.

Camera performance, lightweight construction, and Dust/Splash*/Freeze-Resistant Design are some of the features you'll enjoy while shooting with the Panasonic LUMIX S Series lens.
