

PGYTECH OnePro Focux Backpack 35L

ProdCode: PGYPCB197

Camera Backpack with 3D aluminium frame for better ergonomics and increased strength - 35L Space Black

[\[Download Images\]](#) (.zip file)

Features

- Camera Backpack with 3D aluminium frame for better ergonomics and increased strength
- AceFrame™ Harness System
 - 3D Arch Aluminum Frame: Ergonomic design for back support and breathability
 - FreeFit Adjustment: Four-position back length adjustment for different body shapes
 - Hollowed Shoulder and Waist Straps: Comfortable, breathable, and load-reducing
- Newly-developed HyperGuard material combines lightweight, durable CORDURA® fabric with high-performance PU coating. (CORDURA® is twice as durable as nylon, three times as polyester, ten times as cotton canvas.)
- The sandwich-style front compartment can be expanded or compressed as needed, with an open middle sleeve ideal for storing helmets, clothing, and more

- The 180° rear opening with customizable dividers ensures organized gear storage and easy access
- Large top opening for easy retrieval of long lenses; Side quick access for rapid camera retrieval
- Front internal pocket for frequently accessed items; Left pocket for power banks and card reader cases; Right battery pockets with power-indicators; Dual side pockets for tripods and water bottles; Front and rear compartments for laptops, with top zippered pocket for digital accessories like a mouse and charger
- Optional companion pouch can be mounted on the shoulder straps as a chest pack or attached to the top of the backpack as a top pack
- Comprehensive Attachment Points: Quick-attach points on the shoulder straps for camera clips; Multiple reserved attachment points for items like speakers or camera straps; Waist strap for camera clips and carabiners; Front and sides for large tripods; Sides for trekking poles and ice axes; Bottom straps for securing sleeping bags and ground mats
- OnePro cleverly combines the frame structure, mesh fabric and hollowed-out strap, reducing the overall weight by approximately 20% compared to traditional PP back panel + foam structure
- Right shoulder strap holds a water bottle | Left shoulder strap accommodates a camera quick release clip and other accessories
- Waist strap provides space for phones, snacks, and other essentials, along with camera clip and carabiner attachment points
- Splash-proof YKK zippers ensures durability and protection
- Comes with a rain cover
- Anti-theft AirTag pocket

As the first photography backpack to incorporate a professional mountaineering harness system, OnePro features the innovative AceFrame™, scientifically engineered for optimal comfort, stability, and ventilation, with advanced features like 3D arch frame made from 7-series aerospace-grade aluminum, patented FreeFit 4-stage back length adjustment, suspended and breathable back panel, as well as 3D curved and perforated mesh shoulder & waist strap.

Newly-developed HyperGuard Material: The new HyperGuard material combines functional CORDURA® fabric with a high-performance PU coating, providing superior durability, tear resistance, and splashproofing while remaining lightweight.

Expandable and Independent Front Compartment: The sandwich-style front compartment can be expanded or compressed as needed, with an open middle sleeve ideal for storing helmets, clothing, and more.

Large Rear Opening: The 180° rear opening with customizable dividers ensures organized gear storage and easy access.

Dual Quick Access: Large top opening for easy retrieval of long lenses; Side quick access for rapid camera retrieval.

Lightweight Yet Durable: OnePro cleverly combines the frame structure, mesh fabric and hollowed-out strap, reducing the overall weight by approximately 20% compared to traditional PP back panel +foam structure. **Versatile Storage Options:** Front internal pocket for frequently accessed items; Left pocket for power banks and card reader cases; Right battery pockets with power-indicators; Dual side pockets for tripods and water bottles; Front and rear compartments for laptops, with top zippered pocket for digital accessories like a mouse and charger.

Comprehensive Attachment Points: Quick-attach points on the shoulder straps for camera clips; Multiple reserved attachment points for items like speakers or camera straps; Waist strap for camera clips and carabiners; Front and sides for large tripods; Sides for trekking poles and ice axes; Bottom straps for securing sleeping bags and ground mats.

Safe and Secure: Includes anti-theft zipper loops and a hidden Airtag pocket for added security; Magnetic compression buckle ensure secure storage; Comes with a rain cover for outdoor use.

Optional Companion Pouch: Can be mounted on the shoulder straps as a chest pack or attached to the top of the backpack as a top pack.

YKK Zippers: Enhance durability and protection.
