

PGYTECH OneMo Tactical Backpack

ProdCode: PGYPCB224

Professional Robust Backpack - 35L - Coyote Brown

[\[Download Images\]](#) (.zip file)

Features

- Professional Robust Backpack
- The AerisFrame Suspension System contours to your back for stable, ventilated comfort. Thick, wide shoulder straps and a chest strap reduce pressure, while the back panel offers attachment points for an optional (and standalone) waist belt
- The expandable quick-access front compartment holds larger gear like gimbals. Just pull it open for easy retrieval
- The rear panel features a large 180° lay-flat opening for easy access to all your gear. Combined with the custom-molded integrated divider system, it keeps your equipment perfectly organized
- The backpack is highly customizable, featuring external MOLLE webbing and a hook-and-loop panel
- A quick-access side opening provides swift retrieval of your camera for capturing fleeting moments

AerisFrame Suspension System - Lightweight, Breathable, Comfortable

The AerisFrame harness system contours to your back for a stable, secure carry.

- **Suspended Ventilated Back Panel**

All-day airflow and maximum heat dissipation keep your back cool and dry.

- **Adjustable Back Length**

Simple hook-and-loop adjustments ensure a perfect fit for different body types.
(Adaptable back length: 38-48cm/14.9-18.9in)

*35L model only.

- **Padded Wide Shoulder Straps**

Effectively disperses weight while the ventilated mesh surface enhances breathability.

- **Adjustable Chest Strap**

Features a quick-release buckle.

- **Back Panel Attachment Points**

Compatible with a belt for added comfort and load relief

*Belt sold separately.

180° Lay-Flat Opening, DIY Dividers for Customized Storage

The full-access rear panel features a 180-degree lay-flat design, providing maximum visibility and easy access to all your gear.

2.2 The built-in divider system allows you to adjust compartments according to gear size and quantity, for completely flexible storage.

- 25L: 2 cameras + 6 lenses 35L: 3 cameras + 6 lenses + drone

Expandable Quick-Access Front Compartment, Vast Space, Endless Potential

Original drawstring quick-release system easily stores larger gear like gimbals and tripods.

- Pull-to-open for instant access and effortless gear retrieval.

MOLLE System - Mount Your Way

Full-coverage MOLLE webbing allows free-form attachment of pouches and accessories.

*Pouches and accessories are not included as standard.

Customize Your Style with DIY Hook and Loop Panel

Hook and Loop Panel for creative patches. Stick, swap, and style!

*Hook-and-Loop Patch not included as standard.

Quick Access, Instant Capture

- **25L: Left-side Quick-Access opening**

Allows for easy access to your short-lens camera setup and quick battery swaps

- **35L: Left-side & top Quick-Access opening**

Provides quick and easy retrieval of your long-lens camera setup.

Durable, Water-Resistant Fabric

The high-performance fabric resists splashes, abrasions, tears, and stains, making it ideal for withstanding harsh outdoor environments.

- Includes rain cover for protection in harsh weather.

Refined Details, Superior Craftsmanship

- Dedicated laptop/tablet compartment.
 - Included compression straps can secure tripods and other items onto the bottom attachment points.
 - The shoulder straps have attachment points for camera quick clips.
 - Two external side pockets hold water bottles, tripods, etc.
 - Front pocket stores frequently used items like power banks.
 - Signature battery storage pouch with clear charge level indicators.
 - Burst-proof buckle design for added safety on the go.
 - Full-coverage YKK water-resistant zippers.
 - Hidden AirTag pocket for secure anti-theft tracking.
