

PGYTECH Camera Insert XS

ProdCode: PGYPCB250

Camera Insert for Camera Backpack - XS

[\[Download Images\]](#) (.zip file)

Features

- Camera Insert for Camera Backpack
- Solid Frame Structure: The embedded steel frame in the opening ensures the bag maintains its shape, providing stability and better protection for your equipment
- High-Density Foam: The lightweight design with high-density foam for the bag body and dividers offers enhanced protection while reducing the overall weight
- Side Opening: The side opening aligns with the quick access pocket of the backpack
- Side Horn Buckles: The side horn buckle design allows for easy attachment to your camera bag or strap
- YKK Zippers: Ensures security and stability with guaranteed quality
- Durable Velcro Lining: The interior lining uses high-quality Velcro fabric for increased longevity
- Splash-Resistant Treatment: Both the fabric and zippers are treated to resist splashes
- Convertible Shoulder Bag: Can be used as a shoulder bag and transform to serve as a workstation. (For Camera Insert XS, S and M only (not Camera

Insert L))

Stable and Non-Deformable

An embedded steel frame at the opening ensures the bag maintains its shape under external pressure, providing stable and sturdy protection for your camera.

Better Protection, Lighter Weight

Comprehensive protection from the outside in, lightweight and portable for secure storage.

Interior Dividers for Secure Protection

One-piece DIY dividers for organised storage, preventing bumps.
