

PGYTECH Camera Wrist Strap Air

ProdCode: PGYPCB296

Camera Wrist Strap - Deep Grey

[\[Download Images\]](#) (.zip file)

Features

- Camera Wrist Strap
- Using the slim original quick connectors, PGYTECH camera wrist strap air allows one-handed operation and works well with PGYTECH shoulder straps and backpack camera straps.
- Microfiber material and inner protruding points make it snugly fit around your wrist.
- The inside of the wrist strap and lanyard use super tensile Dyneema. (Dyneema is the strongest fiber in the world. For the same mass, Dyneema fiber has 15 times the tensile strength of steel.)
- The quick bead 2.0 upgraded with 1.5mm diameter size, suitable for most cameras

Lightweight and Comfortable

Paired with the Quick Connector Slim for a sleek profile.

Original Quick Connector

Safe and Smooth Operation Secure Locking and Instant Detachment

There is no risk of the camera falling off, regardless of the angle of the force applied, as long as the quick bead remains locked.

Stand a Load of 35KG

Tear-resistant Dyneema® fiber, 15x stronger than steel at same quality.

Strong Load-Bearing

Three-layer structure enables you to change the lanyard in time, thus ensures your gear safety.

18-Braided Dyneema®

The lanyard can be directly compatible with most cameras. Metal clips included help to fit more cameras.

Ball Quick Bead

Blind buckle from any angle and say goodbye to the twisting problems of traditional straps for a better fit.

PA+GF Reinforced Plastic Quick Connector

Strength guarantee, soft touch, effective anti-knock and anti-scratch.
