Features

- CapLock Action Camera Handlebar Mount
- Wide clamping range
- The adjustable dual-ball head allows 360° adjustment
- Multiple interfaces and broad compatibility
- Foldable and compact, easy to carry and store
- Efficient assembly and disassembly
- Security lock ensures reliability
- Made of high-strength aluminium alloy

CapLock Action Camera Handlebar Mount is designed to support action cameras on bicycles and motorcycles for dynamic shootings. Dual ball head construction features 360° tilting and rotating capabilities, effortlessly adjusted via a wingnut. The quick-release mechanism and security lock ensure a stable installation. Combining plastic and metal materials, it has a sleek outlook. And with its action camera adapter and 1/4" adapter, it offers broad compatibility with action cameras and smartphones.

Easy-to-use Design

Our CapLock system ensures a secure fit with its easy twist mechanism. Plus, it comes with a small rubber pad that adapts to various handlebar diameters.

Compatible diameter: 8mm~16mm 1/4" 22mm~35mm

360° Panoramic View

The dual-ball magic arm provides a complete panoramic view with a single locking wingnut for rapid adjustments.

Wide Compatibility

Including an action camera adapter and a 1/4" adapter, it works well with action cameras and smartphones. (A phone clamp is needed when used with a smartphone)
