- Adjustable dual-ball head allows 360° adjustment
- Easy to use
- Foldable design, easy to carry and store
- Efficient assembly and disassembly
- Security lock ensures reliability
- Made of high-strength aluminium alloy
- Dimensions: 226mm*207mm*176mm
- Weight: 381g
- Load Bearing: ?300g
- Working Temperature: -10°C to 40°C
- Compatibility: Action cameras; Smartphones(A phone clamp is needed)

CapLock Three-arm Suction Mount is designed to securely fix action cameras, smartphones, and other devices to car windows, car bodies, walls, and tablespots for long-duration motion or static shooting. It features 3 suction bases, with each base adjustable by 45° . Dual ball head construction allows 360° tilting and rotating

capabilities, effortlessly adjusted via a wingnut. The quick-release mechanism and security lock ensure a stable installation. And with its action camera adapter and 1/4" adapter, it offers broad compatibility with action cameras and smartphones.

Enhanced Suction Power

Equipped with three elastic resin and thickened suction cups, each adjustable by 45°. The triangular structure also enhances steadiness.

360° Panoramic View

The dual-ball magic arm provides a complete panoramic view with a single locking wingnut for rapid adjustments.

Wide Compatibility

Including an action camera adapter and a 1/4" adapter, it works well with action cameras and smartphones. (A phone clamp is needed when used with a smartphone)

Light and Portable

The fold design makes it easy to carry.

Robust Aluminium Alloy

The magic arm uses high-strength aluminium alloy, making it light yet reliable.
